MOOD: 😊 cheerful

MUSIC: 16 Horsepower - Black Soul Choir

"He's a great guy, but we call him Hologram. Not all there, and likely to bounce off of anything shiny."

"So not so much with the on-task time?"

"Can I give you a ride?"

"That depends on if you go my way."

"...there's just no way I can answer that."

"Fifteen-love!"

"It's a good haircut. You kind of have a Mel Gibson thing going on."

"..."

"Before he went crazy! *Before he went crazy!*"

This looks like a good idea.

...

This.

...

Little guy's not bad.

Gotta teach RHex to smear.

Oh man, jealous. I'm still recovering from a broken foot - I tripped up (*up!*) the stairs in January - so the doc says I can't climb again until July.

Luckily July is my birthday, so I suppose that will be my present. *g*

Probably not, but his madness being as noticeable as now is fairly recent.
